

## Global Market Definitions Module

Our unique Market Definitions Module provides access to English translations of relevant markets, drawn from the decisions of 52 Competition Authorities across the world. With our coverage spanning from 2000 to present, our database captures 16.000 merger control decisions generating over 50.000 market definitions. Currently, we support the majority of Europe's 100 leading law firms and over 30 national competition authorities worldwide.
